Napoleon township voted for road improvements at the spring election, the vote standing 610 in favor of the proposition and 131 against it. With gravel or stone roads leading into Napoleon, the business of the town will increase two-fold, if not more. Deploable Accident at Defiance.

About noon last Friday a most deploable accident occurred on the Anglaise river near the B. & O. crossing, in Defiance, by which Fred Hillman, his wife and two children were drowned. Hillman was a day laborer and usually worked at odd jobs around town. He hired a small boat, hardly large enough to safely carry more than one person, and attempted to cross with his wife, a little boy of 4 years and a baby girl of 18 months. When out in the stream the boat, which was leaking badly, swamped and Hillman and family went to the bottom before assistance could reach them.

On Friday morning last at about 12:30, the barns on the residence lot of Dr. Augenstein and the lot on the opposite side of the alley, owned by W. L. Heller and occupied by C. E. Reynolds, were entirely destroyed by fire. The fire was first discovered by Miss Ida Augenstein, but not before it had made considerable headway, so much so, that Mr. Augenstein had barely time to get his coat from the burning stable. The fire originated in the building of Mr. Augenstein, and is supposed to be the work of an incendiary or night prowler. There was an insurance of \$150 on the barn of Dr. Augenstein, and \$100 on that of Mr. Heller.

Does It Pay to Paint?

We believe it to be a settling fact, with but one or two exceptions, that paint, aside from anything it may add in the way of looks or appearance, when well applied, will preserve any and all kinds of materials, make it last much longer and perform its office better. The exception would perhaps be the old maid. Nothing only this one fact alone, and not taking any of the others into consideration, we believe it pays to paint. The large stock of paints on sale at Sauer's Drug and Paint Store is attracting a great deal of attention. It comprises everything and every shade and color usually found in any of our largest paint stores. The goods are all first class, are warranted to be as represented and can be relied on as giving the very best satisfaction, having been thoroughly tested for years, and subjected to the severest tests which can be applied to any kind of paint.

In accordance with the annual proclamation of the Governor of Ohio, relating to the planting of forest trees, "and with a view of directing public attention to the great importance of forests and forest culture," the public schools, and all that are willing to assist, will observe Friday afternoon by planting trees with appropriate arbor day ceremony.

Trees will be dedicated to the great names of Gen. U. S. Grant and Henry W. Longfellow, and the pupils of the different grades will perform the dedication by individual and concert recitations, essays, national songs, etc.

The Napoleon City Band, whose readiness to contribute to every enjoyment of our people, and whose marvellous success, excellent music, and gentlemanly bearing commend them wherever they are known, has very kindly consented to furnish music for the occasion.

Exercises will be held on the school ground and will begin at 2:30 p. m.

Let every one who can be present.

Very respectfully,
